OneForm™ Designer Plus - Universal

Intelligent Forms Design for Innovative Organizations

Design Once. Deploy Anywhere.

OneForm™ Designer Plus - Universal (OFDP-U) is Amgraf's comprehensive forms design platform for creating intelligent HTML and PDF forms that streamline data collection, automate workflows, and transform paper-based business processes.

Whether converting existing paper forms or developing new digital workflows, OFDP-U enables organizations to preserve familiar form layouts while improving accuracy, reducing manual data entry, and accelerating information processing.

Features & Capabilities

OneForm™ Designer Plus - Universal provides a complete toolset for creating intelligent eForms.

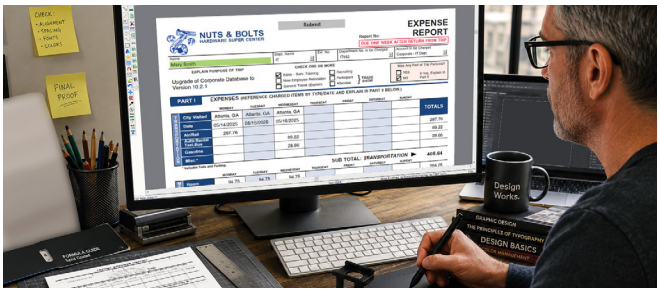

- ✓ Preserve the appearance of existing paper forms while importing and enhancing existing PDFs
- ✓ Reduce repetitive data entry and input errors with intelligent validation and conditional logic
- ✓ Automatic calculations and data formatting performed in real time
- ✓ Create interactive HTML and PDF forms with Unicode global language support
- ✓ Capture digital signatures and securely submit data to databases, business systems, and online endpoints
- ✓ Provide robust database connectivity, data integration, and multi-form workflow packages
- ✓ Enable email routing, workflow automation, and print-ready on-demand document generation

Designed for Enterprise Workflows

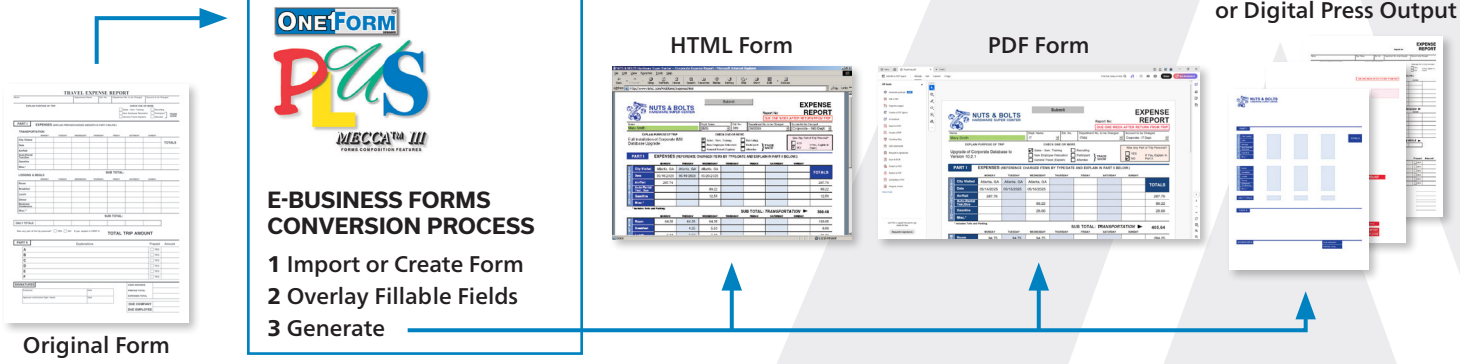

OneForm™ Designer Plus - Universal supports organizations that require secure, accurate, and efficient information collection across government, commercial, and enterprise environments.

TYPICAL APPLICATIONS INCLUDE

- Government forms
- Employee onboarding
- Pension enrollment
- Field technician operations
- Financial and administrative forms
- Internal or public-facing applications
